System Dashboard

Introduction

Welcome!

This is Atlassian's public issue tracker for [Jira](#), [Confluence](#), [Bitbucket](#), and other Atlassian products.

If that is not what you were looking for, please see our [Community](#), [Documentation](#) and [Support](#) sites.

Search For Issues

When your idea or problem has already been reported it's much better to add your vote rather than create a new issue.

If you already know your way around [Jira searches](#) and the Jira Query Language (JQL) then go straight to [Search](#).

New to Atlassian products and/or Jira? Use the links at right to get started.

When you have found an issue you can add yourself as a [Watcher](#) to get updates and add your vote to help our product teams prioritize.

Report a Bug

Thank you for taking the time to tell us! [Create an issue](#) in our support system and our Support engineers will confirm the problem, collect full details, and report it to development.

For more information about how we prioritize fixes, see our [bug fix policies](#) for [Server](#), [Cloud](#) and [Security](#).

Suggest a Feature

To suggest a new feature, login or create an account then use the [Create](#) button in the header.

Suggestions can no longer be created for Hipchat and Stride as these products will be [discontinued](#) in February 2019.

Want to know how we use your feedback? See [Prioritizing updates](#) in [Cloud](#), [Server](#), and [Data Center](#).

## Assigning users to group

The screenshot shows the Atlassian Admin interface in a Chrome browser. The left sidebar contains the 'Administration' menu with sections for 'USER MANAGEMENT' (Users, Groups, Access Requests), 'SITE SETTINGS' (Site access, Product access, G Suite, Emoji), and 'ORGANIZATIONS & SECURITY' (Security). The main content area is titled 'Groups' and shows a group named 'my\_group' with 0 members. A modal window titled 'Add members to my\_group' is open, displaying a search bar and a list of two users: 'duggirala18890' (duggirala18890@mail.npu.edu) and 'Priyanka Duggirala' (priyankaduggirala16@gmail.com). The modal has 'Add' and 'Cancel' buttons at the bottom. On the right side of the group page, there are buttons for 'Add members', 'Edit description', and 'Delete group'. Below these, a 'Group access' section states 'This group currently has no product access' with a link to 'Edit group's access'.

## Creating issue types

The screenshot shows the Jira 'Issue types' configuration page for a project named 'cs522\_hw1'. The left sidebar has a red circle around the 'Add issue type' button. The main area lists primary fields for the 'Bug' type: Assignee, Labels, Story point estimate, and Sprint, all created by Jira. The right sidebar shows a 'Create new field' section with options like Text, Date, Number, Time, Labels, Dropdown, and Checkbox.

Issue types / Bug

Bugs track problems or errors.

## Creating An Issue

The screenshot shows the Jira 'Create issue' interface. The browser address bar indicates the URL is <https://priyanka18890.atlassian.net/projects/CH/settings/issuetypes/10009>. The left sidebar shows the project 'cs522\_hw1' and the 'Issue Types' list with 'Task' selected. The main form has the following fields:

- Project:** cs522\_hw1 (CH)
- Issue Type:** Task
- Summary:** something to be done
- Attachment:** A dashed box with the text 'Drop files to attach, or browse.'
- Description:** A rich text editor with a toolbar containing options like Bold, Italic, Underline, Text color, Background color, Link, Unlink, Bulleted list, Numbered list, Attach, and more.

At the bottom right of the form, there are buttons for 'Create another', 'Create', and 'Cancel'. On the far right, there is a section for 'Create new field' with options like Text, Date, Number, Time, Labels, Dropdown, and Checkbox, and a section for 'Previously created fields' with Priority, Due date, and Start date.

Description of the issue -- something to be done.

Drag and drop these fields to the left area to customize this issue type.
